Dear Senator Schumer,

I am writing you to urge you to fight the proposed deal between Verizon's subsidiary Verizon Wireless and the Cable companies. The FCC and DOJ should not approve this deal, which destroys good union jobs, and is also bad for customers.

This proposed deal ends a historic competition between Verizon and the cable companies, including Comcast and Time Warner. Verizon through its subsidiary Verizon Wireless, will form a giant, unregulated quasi-monopoly with the cable companies.

This deal will be very profitable for Verizon Wireless and cable, ending any incentive to invest in FIOS and compete against cable. There will be fewer jobs building, maintaining, servicing and installing the FIOS network.

Buffalo, Syracuse, Albany, other upstate cities and rural areas, as well as Eastern Long Island, will get left behind with no cable competition, costing CWA and IBEW jobs. Even regions with FIOS could be affected since there will be far less incentive to invest in the FIOS network.

I urge you to reject this proposed deal because it will destroy jobs, as well as hurt consumers. Thank you for your consideration.

Sincerely,
Brian Jarr

Dear Senator Gillibrand

I am writing to urge you to fight the proposed deal between Verizon's subsidiary Verizon Wireless and the Cable companies. The FCC and DOJ should not approve this deal, which destroys good, union jobs, and is also bad for customers.

This proposed deal ends an historic competition between Verizon and the cable companies, including Comcast and Time Warner. Verizon, through its subsidiary Verizon Wireless, will form a giant, unregulated quasi-monopoly with the cable companies.

This deal will be very profitable for Verizon Wireless and cable, ending any incentive to invest in Fios and compete against cable. There will be fewer jobs, building, maintaining, servicing and installing the Fios network.

Buffalo, Syracuse, Albany, other Upstate, as well as Eastern Long Island, will all get left behind with no cable competition, costing CWA and IBEW jobs. Even Regions with Fios could be affected since there will be far less incentive to invest in the network.

I urge you to reject this proposed deal because it will destroy jobs, as well as hurt consumers. Thank you for your consideration

Sincerely, William M Lothman

Dear Senator Gillibrand,

I am writing to urge you to fight the proposed deal between Verizon's subsidiary Verizon Wireless & the cable companies. The FCC & DOJ should not approve this deal, which destroys good union jobs, & is also bad for customers.

This proposed deal ends a historic competition between Verizon and the cable companies, including Comcast, Time Warner, Verizon through its subsidiary Verizon Wireless, will form a giant, unregulated quasi-monopoly with the cable companies.

This deal will be very profitable for Verizon Wireless & cable, ending any incentive to invest in FiOS & compete against cable. There will be fewer jobs building, maintaining, servicing & installing the FiOS network.

Buffalo, Syracuse, Albany, & other Upstate cities & rural areas, as well as Eastern Long Island, will all get left behind with no cable competition, costing CWA & IBEW jobs. Even regions with FiOS could be affected, since there will be far less incentive to invest in the network.

I urge you to reject this proposed deal because it will destroy jobs, as well as hurt

This deal will be very profitable for Verizon Wireless and cable, ending any incentive to invest in Fios and compete against cable. There will be fewer jobs building, maintaining, servicing and installing the Fios network. Buffalo, Syracuse, Albany, other Upstate cities and rural areas, as well as Eastern Long Island, will get left behind with no cable competition, costing CWA and IBBW jobs. Even regions with Fios could be affected, since there will be far less incentive to invest in the network.

I urge you to reject this proposed deal because it will destroy jobs, as well as hurt consumers.

Thank you for your consideration. Sincerely,

Dennis Ide, 9 Bridgewater Dr #20

This proposed deal ends a historic competition

between Verizon and the cable companies, including Comcast and Time Warner. Verizon through its

This deal will be very profitable for Verizon

Wireless and cable, ending any incentive to invest

in fiber and complete optical cable. There will be

fewer jobs building, maintaining, servicing and

installing the fiber network.

Buffalo, Syracuse, Albany, other Upstate

Diana Senator LANTENBERG,

I am writing to urge you to fight the proposed deal between Verizon's subsidiary Verizon Wireless and the cable companies.

The FCC and DOJ should not approve this deal, which destroys good union jobs and is also bad for customers.

This proposed deal ends a historic competition between Verizon ~~wireless~~ and cable companies including Comcast & Time Warner. Verizon, their IT's subsidiary Verizon Wireless, will own a brand, unregulated quasi-monopoly with the cable companies.

This deal will be very profitable for Verizon Wireless and cable, ending any incentive to invest in FIOS and compete against cable. There will be fewer jobs building, maintaining, servicing and installing the FIO's network,

Buffalo, Syracuse, Albany and other Upstate cities and rural areas, as well as eastern Long Island will get left behind with no cable competition. Costly CWA & IBO jobs, other regions with POS about be affected, since there will be far less incentive to invest in the network.

I urge you to reject this proposed deal because it will destroy jobs, as well as hurt consumers.
